I'm an app developer with 2 years of experience using Flutter and Dart to create mobile apps. I enjoy building high-quality apps, collaborating with my team, and continuously learning new skills in the field.

SKILLS

Tech Skills: Flutter, Dart, Provider, GetX, MongoDB, RESTful APIs, Postman, Firebase, FlutterFlow, Figma, Notion

PROJECTS

Your Ears App

Dec 2024 - Present

Developed a pixel-perfect UI based on Figma designs, ensuring precise adherence to design specifications. Integrated multiple APIs to provide dynamic content and enhance app functionality. Added live location tracking and doctor location features using Maps API, enabling real-time navigation for users. Implemented location-based search to find doctors around the city, improving user experience in healthcare access. Ensured smooth user experience through optimized navigation and responsive design for various devices.

E-Commerce Application with Comprehensive Features

Apr 2024 - May 2024

Developed a feature-rich e-commerce mobile application using Flutter and Dart. Leveraged Firebase for secure authentication and cloud storage. Implemented user login, product listings, user profiles, dynamic home page, and intuitive navigation. Used Provider and GetX for efficient state management. Implemented secure payment integration using Flutter and Firebase. Integrated and tested robust APIs using Postman.

WORK EXPERIENCE

Junior Flutter Developer

Nov 2024 - Present

ZainClouds

Multan

- Developed and deployed dynamic mobile applications using Flutter and Dart, focusing on user-friendly interfaces and seamless functionality.
- Integrated Firebase for backend services, including real-time databases, authentication, and cloud storage.
- Implemented state management solutions like Provider and GetX to optimize app performance and scalability.
- Worked on payment gateway integration and API integration.
- Collaborated with cross-functional teams to meet client requirements and ensure timely project delivery.

Futter Internee

May 2024 - Oct 2024

Codex

Multan

- Gained hands-on experience in Flutter development, mastering both basic and advanced concepts.
- Implemented robust features and integrated backend services, enhancing app functionality and performance.
- Contributed to projects that improved app efficiency and user experience, receiving positive feedback from mentors and leading to a 50% increase in project completion speed

EDUCATION

BS CS

Jan 2021 - Jan 2025

BZU Multan

GPA: 3.47

Relevant Coursework: App Development, Data Structures, Software Engineering, Web Development, Operating System, Database

LANGUAGES

Flutter - Dart (Professional working proficiency) • **HTML - CSS** (Limited working proficiency)
